DUOX plus

Two WiFi monitor options: the VEO monitor with its unique handset design incorporating a magnet that enables the user to hang up correctly at the end of the conversation, and the VEO-XS and VEO-XL hands-free monitors.

VEO, VEO-XS and VEO-XL DUOX PLUS WiFi monitors are equipped with a WiFi connection that allows call forwarding to mobile devices. Thanks to the Fermax BLUE app, the functions of the video door phone can be managed from a smartphone or a tablet, in order to connect you to your home, wherever you are.

## With Duox Plus WiFi monitors everything changes

Download the free app BLUE and you'll be able to receive calls from your video door entry system on your smartphone or tablet, wherever you are.

What is more, you can manage several houses from the same mobile device. Whether you are travelling, at work or on holidays, it'll be like being at home.
