MARINE DIGITAL VIDEO PANEL MEET

Reference	EAN
1455	8424299014555

Description.

Description

The MARINE MEET panel is FERMAX's vandal-proof door entry and video door entry panel.

Made of 316L stainless steel, it is 3mm thick. It is a very resistant plate due to its high quality, both in materials and in production and assembly processes.

Its compact and sealed design guarantees protection against external agents IP54 and a degree of resistance against impacts of IK09.

1.3MP HD CAMERA

The camera has a high definition image, giving it excellent video quality. The camera is equipped with LED lighting for low light conditions. Additional RTSP IP video output.

ADAPTED FOR EVERYONE

The camera allows a viewing angle of 128ºH and 70º. This facilitates the installation and use of the plate in the case of visitors in a wheelchair.

With Braille engraving that allows the call key to be identified by means of an engraving on the surface of the plate.

FACIAL RECOGNITION

The proximity reader with MIFARE technology allows the door to be opened by means of a code on the panel or by sending the code to an external access controller that validates the access.
ADVANCED DISPLAY
Welcome with a logo or useful information on the screen for the visitor.
We can search for the name or apartment we want to call thanks to the electronic directory.
Compatible with Lift Control function.
