Omschrijving.

Omschrijving

Audio terminal.

The VEO telephone is made of high impact ABS plastic. Textured finish for easy cleaning and UV protection to make it more resistant to sunlight. The unique and exclusive design of the handset incorporates a magnet that makes it easy for the user to hang up, ensuring a correct hanging at the end of the conversation. Its balanced design of pure lines is distinctive, modern and minimalist. When receiving a call, when the handset is off the hook, the conversation with the visitor begins. The conversation ends automatically after 90 seconds or when the handset hangs up. To open the door, press the blue lock release button.

Wall installation and easy fixing.

System: DUOX PLUS (2-wire digital).

Aanvullende technische details
