Omschrijving.

Omschrijving

The iLOFT telephone is a compact, extra flat door phone that works in hands-free mode with the outdoor panel. Both the call and the talk volume are adjusted by means of a wheel control in a very intuitive way. Made of UV-resistant ABS plastic with an elegant matte finish for easy cleaning. Surface mounted. Push buttons: Button to activate/deactivate the communication with the outdoor panel. Door opener and call to the concierge (if available, press with the phone in standby). Additional functions button: Staircase light relay, second door or gate opening, panic call, etc.

System: DUOX PLUS (2-wire digital)

Aanvullende technische details

Dimensions (mm): 90 x 146.5 x 20

Auto-on: with this functionality it is possible to start a conversation with the outdoor panel without a previous call (with panel n° 0 of its own block or with the last panel from which it has been called and during the 30 s. after the end of it).
