#### Omschrijving

Audio terminal. The LOFT telephone is made of high impact ABS plastic. Textured finish for easy cleaning and ultraviolet protection to make it more resistant to sunlight. The unique and exclusive design of the handset incorporates a magnet that makes it easy for the user to position the handset, ensuring that it hangs correctly at the end of the conversation. Its balanced design of pure lines is distinctive, modern and minimalist. When a call is received, when the handset is picked up, the conversation with the visitor begins. The conversation ends automatically after 90 seconds or when the handset is hung up. To open the door, press the button.

Wall installation and easy fixation.

**System: DUOX PLUS (2 wire digital).**
