

Product Code

F04653

MARINE ST3+ FLUSH BOX

Reference

4653

EAN

8424299046532

Description.

Description

To install an outdoor panel it is necessary to place a box on the wall or wall where we will later fix the panel.

Marine embedding boxes are metallic.

In the event that several panels are combined, always from the same series, it is necessary to use a joining bolts set (ref. 2289), for a perfect coupling. One set is required for each additional panel installed between the flush boxes.

Available in all series. Select the box of the necessary series, according to the case.
