Description

FERMAX doorphone kits include **all the necessary material** for installation in a single-family home or office.

The Citymax Audio Door Entry system kit includes:

- For the interior of the house, the **Citymax telephone** with wall installation and easy fixation. Made of high impact ABS plastic with a mirror polish finish for easy cleaning.
- For the exterior, the **City Classic door panel**, with a genuinely urban character, of great resistance and quality. Made of anodized aluminum with great resistance to weathering and climatic changes.

EXTENSIONS:

- In the home: 2 additional Citymax telephones (ref. 80447), without the need for extra power.
- In the entrances: a 2nd access for the entrance to the garage or secondary door.
