

Product Code

F06554

7" VDS BASIC SMILE MONITOR DDA

Reference

6554

EAN

8424299065540

Description.

Description

Video door entry COLOUR monitor. TFT screen 7".

Installed in homes, lets you communicate with the outside panel, open the door and see the visitor on the built-in screen .

VDS system:

Simplified installation audio and video door entry system that does not use house call wires. The call is made by transmission of a digital call code generated by the VDS amplifier.

- In new works, installation can be carried out with the following type of wiring: 5 wire / 3 wire + Coaxial (video).

Lets you manage up to 199 homes, 2 entrance accesses and a central guard unit.

Maximum distance from first access to last home: 200 m.

VDS amplifier comes with voice synthesizer as standard issue.

When the door release is activated a message is heard: "Door open, please close after entering".

The home terminals require simple programming done from the outdoor panel. By means of this programming a call code is assigned to each terminal (telephone or monitor).

Communication is private.

Wiring. Audio: 3-wire bus. Video: 5 wire / 3 wire + Coaxial (video).

Maximum distance from first access to last home: 200 m.

Smile is a new video entry experience.

It is cool and smart. With a design that allows its perfect integration in any surrounding.

An advanced management monitor, with **hands-free communication**, high-performance features and user friendly.

Compact and essential design. Its TFT screen and its capacitive touch buttons remain behind an ultra-resistant transparent polycarbonate sheet with ultraviolet protection.

Smile is the result of a refined design which has reduced and stylized its components to the minimum expression.

Technical Details

Totally hands-free operation; once the outdoor panel-home channel is activated, communication is simultaneous.

Consumption:

- in standby: 33 mA

- active: 750mA
