CITY SURFACE BOX S5

Reference

7065

EAN

8424299070650

Description.

Description

In order to install a panel it is necessary to place a box in the wall where we will subsequently fix the panel.

For those cases where it is not desirable or possible to make a hole in the wall for the flush box (marble facades, stone facades etc..) it is recommendable to use a surface box.

It's depth is of only 33mm., and its design integrates perfectly to the aesthetic of the panel. When different panels are combined a set of joining bolts is not required.

Available in all the series. Select the box of the necessary series depending on each case.
