## CORA DIRECTORY PANEL S6

Reference

7702

EAN

8424299077024

## Description.

## Description

- It can be installed next to CORA plates in order to record the name corresponding to each of the dwelling codes.
- The Directory Panel must be from the same series as the door entry/video door entry plate.
- Includes some lighting bulbs.
- CORA panels do not include a flush-mounted or surface-mounted box. This must be ordered separately.
- It is possible to combine two or more panels, as long as they are from the same series. When installed with a flush-mounted box, to fit them together perfectly, a set of spacers (ref. 8829) must be used for every two panels.
- If the panels are to be installed on the surface, the spacer set ref. 8829 is not required.
- The CORA Directory Plate can be mounted on either side of the CORA plate, even several together (up to 3).
- One directory board can be fed from the CORA board. If there are 2 or 3 directory boards, they must be fed from an additional feeder.
