F50351

6W DUOX PLUS VIDEO SKYLINE KIT

Reference	EAN
50351	8424299503516

Description.

Description

DUOX PLUS is the new digital technology that exceeds all expectations. Because it makes the difficult easy.

DUOX PLUS is the first completely digital Smart System in non-polarized two-wire technology for intercom and video intercom.
It is the most technologically advanced system in the world that allows quick installation with just two wires.
It is a technological revolution called to change our conception of door and video door entry systems. Because it offers more performance and capabilities, greater simplification and speed. But, above all, because it takes us to a new dimension, where all the information (audio, video, data) is transformed into digital matter that is transported using only two non-polarized wires.

With DUOX PLUS we are deploying a digital platform in homes that, in addition to offering us important improvements for today, will serve as the basis for tomorrow's innovations.

SKYLINE DUOX PLUS VIDEO KITS only require two non-polarized wires for installation, maintaining the highest quality in the product and design, which simplifies the installation of systems with up to 12 apartments. The **SKYLINE DUOX PLUS VIDEO KITS** for buildings with 4 to 12 homes include all the necessary material for a complete video door entry system installation (except monitors and connectors).

Technical Details
