DESCRIPTION

In order to install a panel it is necessary to place a box in the wall where we will subsequently fix the panel. For those cases where it is not desirable or possible to make a hole in the wall for the flush box (marble facades, stone facades etc..) it is recommendable to use a surface box. It's depth is of only 33mm., and its design integrates perfectly to the aesthetic of the panel. When different panels are combined a set of joining bolts is not required. Available in all the series. Select the box of the necessary series depending on each case.

TECHNICAL SPECIFICATIONS

S9: Dimensions: 130x436,5x33mm (width-height-depth)

Weight: 0,59105 kg

Size of product when packed: 43,8x13x3,4 cm

EAN 13: 8424299070698
